

Premier Wedding Packages Fall 2023

Our family started this project in an effort to live a more sustainable lifestyle & give people an option to get married in a beautiful affordable space. While searching for a place to get married, we ran into a very typical problem, cost. Wedding venues are extremely expensive, sometimes costing 20-30 thousand dollars just for the venue space. Getting married should start a couple in happiness and love not debt.

When we saw the property for the first time it was LOVE at first sight! It was being leased out for horses, but besides that, it had clearly been ignored for years. Even with the neglect, there were so many places that stuck out it's hard to even say what our favorite aspects were. All we could see was potential and beauty! We closed on that 23 acre piece of property on May 26, 2016.

Tempe Creek Vineyard & Farms is a boutique Texas wine shop & Tasting room, as well as an event venue that is set in our very own vineyard.
